

## Change Log

Product Version: **8.1.0.1**

Date: **06/15/2016**

### Maintenance Issues Resolved in 8.1.0.1

ID / LID (Legacy ID)	Content Matrix Edition	Title	Support Ticket Id
182335	Core	[Feature] Added ability to remotely run PowerShell scripts through remote agents (including remote agent deployment).	N/A
209315	SharePoint	Calculated Column using a reserved word (Priority) migrates as a Choice Column instead of a Calculated Column.	00112772
210853	SharePoint	Blog Site Categories Web Part does not display the list of categories when migrating from SP2007 (DB connection) to SharePoint 2016 (using an OM/MEWS connection).	N/A

194793	eRoom	A SessionStateProxy error is thrown when migrating from eRoom and pasting a container as SharePoint site collection, with a transformer in the Sites definition.	00094850
194844	File Share	When migrating a folder as a Document Set on the target, the default document set content type is used instead instead of a custom document set content type.	00102030
194871	SharePoint	Links for attachments and images fail to update correctly on migration of a Blog site, and display a “&lt;!-- #RENDER FAILED --&gt;” message, when migrating from SP 2007 (DB) to SP 2013.	00106426, 00105680
194900	SharePoint	Blog Site Categories Web Part does not display the list of categories when migrating from 2007 DB to 2013 OM/MEWS.	00108995
194916	eRoom	eRoom database entries with special characters fail to migrate to SharePoint.	00109329
200246	eRoom	Links stored inside the eRoom field "Attachment Box" are not migrated.	00109726
200277	SharePoint	Running a Full Site Collection copy over a existing Site Collection to SPO Tenant returns an error: Site already Exists at URL <a href="https://site.sharepoint.com/sites/sitename">https://site.sharepoint.com/sites/sitename</a> .	00108601
204564	SharePoint	Summary Links Web Parts fail to copy with the error: The list: <List URL> does not exist on the target site.	00110680, 00111290
209314	SharePoint	InfoPath Forms contain a 'Data Connection' that still points to the source when migrating from MOSS to SPO.	00109514, 00111436

218204	SharePoint	Migration to SPO fails with a 'Fatal Error' message due to the user mapping file not containing updated 'Roles' formatting.	00115010,00116858
182766	SharePoint	Web parts are duplicated on the target landing page when migrating to SharePoint 2016.	N/A
209779	SharePoint	A List View Threshold Exception occurs when copying a list as a folder, if the list has 5000+ items (2010/2013 OM > SPO).	N/A
203795	SharePoint	A List View Threshold Exception error occurs when copying a list with a larger folder structure, if the list has 5000+ items.	N/A
203804	SharePoint	Not able to connect to SharePoint 2013 using DB adapter even when connection is done from SP 2013 machine.	N/A
205796	SharePoint	Incorrect message is displayed when you attempt to connect to SP2016 using database adapter.	N/A
