Date: **02/21/2017**

Maintenance Issues Resolved in 8.2.0.2

ID / LID (Legacy ID)	Content Matrix Edition	Title	Support Ticket Id
261320	SharePoint	[Feature] Migrating from a SharePoint 2013 DB connection, when the DB has previously had an in-place upgrade from a previous version of SharePoint, users should not get a "Exception of type 'Cobalt.ErrorException' was thrown" message when the internal values do not match the SharePoint 2013 default values.	00134813, 00135766, 00135660, 00134799, 00136815
194913	SharePoint	Jobs created with Custom Transformations which are then exported to XML, and used to create new jobs, do not contain the transformation.	00101832
204452	SharePoint	Item Level Transformers are being ignored when running a migration using the Azure Pipeline option.	00112139
251718	SharePoint	Unable to create a Site Collection during a migration to an SPO Tenant environment.	00130611, 00131372, 00132224, 00132189, 00131710, 133428

246855	SharePoint	When running a MasterPage Gallery migration job the Job log lists an error for any Search Display Template JS files wit the message "Exception thrown: An error occurred during the operation of a service method: The remote server returned an error: (500)".	00127930
124782	SharePoint	The "Person or Group" field settings are not preserved after migration, and the "Choose From" option defaults to thew "All Users" option instead of the "SharePoint Group".	00105391
256590	SharePoint	When migrating from SP 2013/SPO to an SPO target, list migrations fail with the error: "Cannot complete this action. Please try again."	00133170, 00134470
194878	SharePoint	Internal column names are not preserved when migrating to an SPO Target environment, resulting in missing metadata for the affected columns.	00106045
253805	SharePoint	The SharePoint Designer 2013 Workflow "Modified By" value is not updated to the Mapped User Account after migration to SharePoint Online.	00130316
252050	SharePoint	An extra version is being created on the "Home.aspx" page when migrating sites from on premise to SPO.	00130348
