

Change Log

Product Version: **8.5.0.1**

Date: **08/11/2017**

Maintenance Issues Resolved in 8.5.0.1

ID / LID (Legacy ID)	Content Matrix Edition	Title	Support Ticket Id
181934/ 296721	SharePoint Edition	[Feature Request] Add support for migrating SPD List Form Pages to SPO.	00092142
120388	SharePoint Edition	Workflow Associations for SharePoint Designer (SPD) workflows are not preserved if the name of the workflow has been changed.	N/A
194657/ 298715	SharePoint Edition	A workflow's "in progress" count has a higher value on the target than on the source (target count = 2, source =1) after migrating workflow instances.	00074093
194755	SharePoint Edition	When Content Matrix Adapter Logging is 'enabled' and migrations are run using the Azure Pipeline an error is thrown: migrationPipeline is null - target does not support Azure migration approach.	00086469
226792	SharePoint Edition	Migrating SPD Content Type Workflow Associations to SPO results in content types not being migrated to the target.	00116867

262960	SharePoint Edition	A List Column is duplicated and loses its association to any content types IF it has the same display name as an OOB (Out Of Box) Site Column, and if the List Column was added to all of the content types in a Document Library.	132997, 00136881, 00145457
263395	SharePoint Edition	Lists and Document Libraries that migrated from SP 2010 to SP 2013 did not have their OOB (Out Of Box) Workflow Associations preserved, and failed with "String not recognized as a Valid Date Time" error.	00135722
268883	SharePoint Edition	Migrating SPD workflows from SP2010 to SPO results in an exception thrown on "Setting Content Type Order" with the message: An error occurred during the operation of a service method: Specified argument was out of the range of valid values.	00137991
204214	SharePoint Edition	SPD Globally Reusable Workflow is not getting migrated when only selecting the 'Preserve globally reusable workflow templates' option.	N/A
204218	SharePoint Edition	Globally Reusable SPD workflows cannot be started after migrating from SP 2013/2010 to SPO.	N/A
298372	SharePoint Edition	Document set version history is not getting migrated for libraries that have MMD columns, when using the CSOM connection on the target.	N/A
301125	SharePoint Edition	When using the 'Auto Detect' connection type to connect to an SPO environment, migrations using the Azure Pipeline options (SPO Containers) throw an exception.	N/A
295549/ 296697	File Share Edition	When using File Share Edition to migrate with the 'Copy Folder > Paste as Document Library' action, any content type mappings that are made are not enforced after migration.	N/A
301805	File Share Edition	Exception 'Object reference not set to an instance of an object' message is encountered when files are migrated to sub-folders based on a source directory structure.	N/A
303255	File Share Edition	When migrating to a Document Library using the 'Paste Folder Hierarchy' action, a "Value cannot be Null" error is shown in the logs.	N/A
292282	Blogs&Wikis Edition	Not all pages are showing when connecting to a Mediawiki v.1.28 environment that has more than 200 pages.	00144121
