

Change Log

Product Version: **8.6.0.1**

Date: **02/27/2018**

Maintenance Issues Resolved in 8.6.0.1

ID / LID (Legacy ID)	Content Matrix Edition	Title	Support Ticket Id
313856	Core	[Feature] Improve support for TLS to allow migrations across TLS versions.	N/A
194652	SharePoint Edition	When migrating from SP 2007 to SP 2013, the Task list template is not available on the target (Team site) when the "Clear Default Features on Target" option is enabled.	00106308
331278	SharePoint Edition	Copying a view from a Document Library on the source to a Document library on the target, when that target library has a different name, causes the library on the target to be renamed to match the source library (that the view was copied from).	00156216
